SMITHFIELD, N.C.

THE CLASS OF 1950:

I take this occasion to express my congratulations and best wishes to you, to all the students, faculty, patrons, and all the officials who have shown a co-operative spirit in making the school successful. You have, through these years of frustration and turmoil, made significant contributions to our educational life and progress.

We bear witness to a new annex to our building, modern in every respect; new shades; a system of flourescent lighting; painting; heating system; departments of domestic science, commerce and agriculture; gymnasium; double the number of high school teachers; good basketball teams; national 4-H Club winners; better attendance and scholarship; and greater numbers interested in further education.

You have left imprints of honor as you passed by. May the spirit of self-sacrifice, honesty and clear thinking lead you to a life of service; and the Brotherhood of Man and the Fatherhood of God be your guide.

Sincerely yours,
C. H. Aderholdt

Foreword

In presenting the fifth volume of the Tuscarora, we, the staff, have tried to preserve scenes representative of our stay at Meadow High School. Realizing that time marches on we, as the Senior Class of 1950, desired to have a book of memories. We have worked hard until we reached this goal.

We sincerely appreciate the assistance anyone has given us in making this annual possible and especially our class sponsor, Miss Helen Crowell.

As the hands of time move forward, we hope that when you look at this yearbook, it will bring back happy memories of school days.

Class Hymn: My Faith Looks Up To Thee

My faith looks up to Thee, Thou Lamb of Calvary,
Savior divine, Now hear me while I pray, Take all my
guilt away, O let me from this day Be wholly Thine.

When ends life's transient dream, When death's cold sullen stream
Shall o'er me roll; Blest Savior, then, in love, Fear and dis-
trust remove; O bear me safe above, A ransomed soul.

Class History

In the year 1946, we, a group of happy energetic adventure seekers, became the new Freshman Class. As we started out on our new but thrilling journey, Mr. Worth Braswell became our guide pointing out to us the important places on our maps. There were Fifty-two in our class this year when we selected Kathryn Dudley as our class president, but through the years many of us have dropped out for different reasons, leaving only thirty-four still faithful. Since this was our first long trip at times the path seemed almost blocked by the barriers of English, Civics, Algebra and General Science, but we always managed to keep one step ahead. Thanks to our guiding teacher.

While we were still Freshman we enjoyed an exciting trip to the State Fair held annually in Raleigh, North Carolina. The eighth grade accompanied us on an open truck and though we were a little crowded, we had lots of fun. Unfortunately we almost lost one of our classmates, Joyce Breedlove, by leaving her at the Fair, but eventually she returned as safe and spry as ever.

Returning in 1947, we found Miss Leona Peterson willing to become our guide in our Sophomore year. We chose some important points on our map and began with renewed hope to reach our goal. We were getting used to the blocked paths by this time and could talk understandingly with the new Freshman who were just beginning their trip.

School did not re-open as soon as we had hoped it would because of the polio epidemic, but on September 15, 1948 we again gathered in the classroom anxious to begin our Junior Year. Miss Helen Mozingo, ready and willing to become our new guide, led us hopefully onward. When we started our magazine campaign we divided our class into two groups with Margine Wood and Earl Royal as our leaders. This helped our campaign to be more successful and give us more excitement at the same time. Some more of the most important highlights of the year were ordering our class rings, selecting and producing our play "Best Seller" and honoring the Seniors with a banquet.

For two years Agnes Lee was our class president along with other class officers. At the end of the school term we said "Good-Bye" to our Junior Year and looked forward through vacation to the opening of school and our Senior Year.

The three summers in between we spent with many shared good times such as; parties, trips to the lake, and other exciting adventures. Mr. Worth Braswell was usually our leader on these enjoyable expeditions.

When the fourth year came we were prepared for it, Miss Helen Crowell, our new guide, helped to select our play, "Deacon Dubbs" and Miss Margot Watt gave us her aid in producing it. We selected a capable staff to work on the final achievement for us as Seniors, our Annual. Our mascots, Judy Parker and E. G. Clifton, Jr. were chosen. We were honored by the Juniors with a banquet.

This is a brief summary of our memorable expedition through High School. Though the way seemed hard at times we were determined to succeed and to reach our goal "Graduation."

CLASS HISTORIAN

Class Prophecy

It is a beautiful day and as I stroll through the woods with the stream rippling by, and the birds singing so sweetly, I decide to sit down and rest myself against a tree on the soft grass and I begin to feel very drowsy. Behold, I see a beautiful sight. Two big white fluffy clouds part and I see dim images in the distance.

The vision becomes clearer, I see Ada Jane McLamb in Europe and she is a very famous artist. Her prize painting of the year is "Sweet And Innocent" for which Margine Wood posed. Margine has just received a telegram from Alyn Lee saying that she is to be married to Ray Peacock very soon.

A big cloud moves over and I see a scene at East Carolina Teachers' College. Katie Rose Godwin is coaching the girls' basketball team there. Another important figure on the campus is J. R. Myers who is the head of the chemistry department. Ethel Wood is teaching history and it seems that she and J. R. are seeing quite a lot of each other lately.

Another scene comes into view on the campus of State College. Roy Mack Hill has changed from basketball to football and he is now one of the most important men on the team. Louis Johnson is one of the agriculture directors there.

Still another cloud floats into the distance and I see a scene at a large telephone office in Richmond, Virginia. At the switchboard I see Cleon Blackman, Gertrude McLamb, and Reba Tart. Lorene Barefoot is librarian at one of the libraries in Richmond.

Now I see a scene at Duke Hospital with Fredric Barefoot as chief surgeon and on the staff of nurses are Ella Gray Brock and Kathryn Dudley. Agnes Lee is dietitian in the food department of the hospital. Bertie Lee wanted to be near so she's teaching in the music department of Duke University.

Durwood McLamb is now a featured violinist at WCKB at Dunn. Addie Parker is also soprano soloist at the radio station. Paul Barefoot, who is now manager of the Ford place, has Allene Dunn as his secretary.

Flonnie Godwin is Country Food Inspector of Sampson County and one of her most important stopping place is Hood's Soda Shop formerly Britt's Soda Shop at Newton Grove. Whitley Hood is proprietor and he served some food to Dora Catherine Parker and Helen Barefoot, clerks at the Newton Grove Department Store, which made them sick. After that Flonnie graded his soda shop down to a "C". Too bad for Whitley!

Evelyn Moore is now married and living happily in Benson and her next door neighbor is Irene Morgan who runs a beauty shop in Benson. Merelene Jernigan is living in the nearby town of Selma helping her husband run the theaters.

Five or six big clouds fade into the distance and I see a big ship out on the calm clear water. I see it is named "The Meadowite". Rayvon Beasly is captain and one of his passengers is Ovalee Barefoot who is now a famous dress designer. He has been to Paris, but now he's returning to the United States to introduce his exclusive styles to his former classmates. Also on his list of passengers are Joyce Breedlove and Iva Mae Johnson who are returning from their annual trip to France.

Oh! What is this? A mocking bird on the limb above startles me and I realize that I have been asleep and it's all a dream.

Girls' Basketball Team

The Athletic Activity at Meadow is built around the idea of physical education; a good mind in a sound body. We have developed no sensational team, having lost one game this season to date. Our girls believe that it "PAYS TO PLAY" for sportsmanship rather than points.

Front row left to right:

Edna Lou Adams, Evelene Tart, Katie Godwin, Agnes Lee, Mavis Parker, Edna Ruth Johnson, Annie Ruth Lawhon.

Back row: Coach C. H. Aderholdt, Joan Johnson, Mary Barefoot, Martha Johnson, Peggy Westbrook, Sally Bryan, Charlotte Fields, Geraldine Kinsey, Shirley Wood.

Boys Basketball Team

Lack of experience has cost us some games but we are improving. With only one Senior on the squad this year we are looking forward to next year as "our" year.

4H Club

The 4-H Club is one of the largest organizations for rural boys and girls. A club with many phases would explain it very well.

Our club has achieved much during the past year. Each year a banner is awarded to the best all-around club of the county. We won the banner this year and are very proud of it. We also won the Field Day Banner because we made the most points in the relays and dashes.

Another event which stands out is the County Health Festival. We were in charge of the coronation, and we worked hard preparing the program in which the County Queen and King of Health were crowned.

We were very glad to have Agnes Lee, one of our members, elected president of the County 4-H Federation. She was also the county winner in leadership, recreation leadership and clothing.

Whitley Hood was declared the county and state winner in sweet potatoes. He won an all-expense paid trip to the National 4-H Club Congress in Chicago by producing 417 bushels of potatoes on one acre of land, and made a net profit of $732. Joseph Blackman was awarded a county medal on poultry.

County Achievement Day, local and county style revues, county council meetings, recreation school, and 4-H Church Sunday are other events which our club is always well represented. Eight of our members attended 4-H Camp at Manteo in June; three attended 4-H Club Week, at State College, Raleigh in August. Six members participated in the State 4-H Health Pageant.

Agnes Lee has represented our county twice this year on the 4-H Program over WPTF. The recreational program has continued to be very successful.

We sincerely appreciate the guidance our county 4-H leaders, Miss Goldie Knowles and Mr. Walter McPherson, have given us.

REFERENCE

Dear, I learn a
It's been a
pleasure to teach
you & have you in my
room this year. I'm sure
there are many great things
in store for you in future years.
May you always live & fight and
noble life and strive to please God
in all things. It isn't the big things that
we do, but the little ones that help build our
character and make us better citizens. I shall always
remember this class as I think of our presidents and
the development of our nation. Remember our class motto:
our efforts today determine our success tomorrow."
Love and best wishes,
